# Matthew Aldridge

**PROJECT MANAGER**

Kings Norton, Birmingham, B38 8NA
07746 922268 | mattaldridge94@live.co.uk

## Professional profile

Electrical Project Manager with 15 years' industry experience across commercial and domestic installations, site supervision and project delivery. Experienced in leading teams of 10+ electricians and fire alarm engineers, pricing works, coordinating M&E installations and managing client relationships. Combines hands-on electrical knowledge with programme coordination, procurement, testing and handover experience across stadium, education, government and commercial projects.

## Key skills

Electrical project delivery • M&E coordination • Team and subcontractor supervision
Tendering and estimating • Budget and programme management • Procurement
Client liaison • Health and safety • Testing, inspection and handover

## Professional experience

### Corrigan Electrical Contractors

**Project Manager** | 2023–Present

- Managed teams of 10+ electricians and fire alarm engineers.
- Priced and tendered projects, sourced materials and coordinated orders.
- Prepared project-specific drawing mark-ups and coordinated site requirements.
- Attended client and contractor meetings to review progress and resolve issues.
- Carried out testing and inspection and prepared client handover documentation.
- Completed electrical surveys and validation on an international project.

### Aston Villa Football Club

**Project Manager** | 2025–2026

- Managed electrical installations and refurbishments from planning to handover.
- Coordinated M&E works against drawings, specifications and programmes.
- Supervised subcontractors, site progress and workmanship.
- Liaised with club representatives, consultants and contractors.
- Scheduled works around fixtures, events and club operations.
- Reviewed drawings and resolved clashes with other trades.
- Monitored budgets, variations, procurement and deliveries.
- Attended progress meetings and reported on project milestones.
- Reviewed RAMS and coordinated safe access and service isolations.
- Oversaw inspections, snagging, commissioning and handover documentation.

## Project portfolio
